

MINT Summer Internship Program

The summer internship program (SIP) of the MINT center offers international students the opportunity to participate in materials research projects during the summer months. Students will work on a specific research project in close collaboration with faculty, post doctorates and graduate students. Seminars, lunches and other social events will be organized to enable students to broaden their knowledge and socialize with their interdisciplinary collaborators at the MINT center. The program will provide housing and support for travel expenses. The priority deadline for applications is March 1st, however we will continue to accept applications after this date until all positions are filled. The 2013 SIP program will start on June 3rd and will end on August 2nd. Please note that the MINT center will only be able to provide student housing during the aforementioned time period, housing costs outside this time period cannot be covered.

For your application to be considered please submit the following documents:

- Application form
- Short CV
- One page summary of your previous research experience
- At least two letters of recommendation

Please arrange for all documents to be sent to:

**Attn.: Ms. Jamie Crawford,
